Subsidy Training Program

No.	Educational Institution / Corporate Name	Course Title / Training Period / Application Deadline	Gain / Target	Participation Fee and Subsidy Amount per person	Project Overview
Cambodia					
1	Cambodia-Japan Digitalized Manufacturing Centre (CJDM)	**Advanced DX CNC Training Program for Employees** 23 days (135 hours) in total Batch 1 : 21/06/25 - 06/09/25 Batch 2 : 20/09/25 - 06/12/25	● CNC & digital skills ● GX practices knowledge ● Ready for DX/GX implementation	1,000 USD (subsidy 500 USD)	
Indonesia					
2	INDONESIA JEPANG BERSAMA FOUNDATION (IJBNet)	**Basic Training Course for Carbon Foot Print (CFP) Knowledge and Self-Accounting by DX** 2 days (12 hours) in total Batch 1 : 07/07/25 - 08/07/25 Batch 2 : 08/09/25 - 09/09/25 Batch 3 : 17/11/25 - 18/11/25	● GHG & Carbon Basics ● LCA & CFP Skills ● Cost-Effective Reduction	2,500,000 IDR (subsidy 1,250,000 IDR)	
Vietnam					
3	DDC Engineering JSC	**Green transformation (GX): Directions, Opportunities, Challenges and Solutions** 6 days (48 hours) in total Batch 1 : 06/09/25 - 21/09/25 Batch 2 : 10/01/26 - 25/01/26	● Energy Savings ● GHG & Energy Audit Skills	6,696,000.00 VND (subsidy 3,348,000 VND)	
Thailand					
4	DENSO International Asia Co.,Ltd.	**Developing GENBA leaders to lead the Die & Mold improvement** **- Die & Mold Maintenance -** 9 days (51 hours) in total - Theory & Practice 5 days (7 hours/day) - GENBA OJT (4 places) 4 days (4 hours/day) Batch 1 : 06/10/25 - 31/10/25 Batch 2 : 17/11/25 - 19/12/25 Batch 3 : 05/01/26 - 23/01/26	● Energy Monitoring & Reduction ● Carbon Credit Calculation ● Sustainability Planning	26,000 THB (subsidy 13,000 THB)	

No.	Educational Institution / Corporate Name	Course Title / Training Period / Application Deadline	Gain / Target	Participation Fee and Subsidy Amount per person	Project Overview
5	DENSO International Asia Co.,Ltd.	**Developing GENBA leaders to lead the improvement of the Production equipment** **- Production equipment Maintenance -** 8 days (44 hours) in total Batch 1 : 30/09/25 - 13/11/25 Batch 2 : 10/11/25 - 24/12/25 Batch 3 : 05/01/26 - 23/01/26	● Equipment failure evaluation and analysis ● Cost-effective KARAKURI improvements ● Data-Driven Leadership ● IoT Integration Capability	15,000 THB (subsidy 7,500 THB)	
6	DENSO International Asia Co.,Ltd.	**Lean Automation OJT Training** 10 days (60 hours) in total - Classroom lecture 5 days - On-site training 5 days Batch 1 : 25/08/25 - 31/10/25	● Lean Manufacturing skills and apply them in actual production ● Lean Manufacturing Kaizen ideas from group work	50,000 THB (subsidy 25,000 THB)	
7	EEC Automation Park, Burapha University	**Carbon Footprint Framework for Green Manufacturing** 8 days (48 hours) in total Batch 1 : 11/06/25 - 14/07/25 Batch 2 : 02/07/25 - 04/08/25 Batch 3 : 23/07/25 - 25/08/25 Batch 4 : 01/09/25 - 19/09/25 Batch 5 : 26/11/25 - 09/01/26	● Baseline CFP Assessment ● Energy Reduction & Renewable Transition Design ● Develop Energy Savings & Process Efficiency	37,175 THB (subsidy 18,587.50 THB)	
8	EEC Automation Park, Burapha University	**Low-Cost OEE Visualization for Productivity Improvement** 8 days (48 hours) in total Batch 1 : 02/07/25 - 05/08/25 Batch 2 : 30/07/25 - 29/08/25 Batch 3 : 24/11/25 - 09/01/26	● Reduce Energy Consumption and Cut Costs ● Make Smarter, Faster Decisions with Better Data ● Accelerate Scalable Digital Transformation	39,185 THB (subsidy 19,592.50 THB)	
9	EEC Automation Park, Burapha University	**Real-Time Machine Electricity Monitoring and Analysis with SCADA** 9 days (54 hours) in total Batch 1 : 10/06/25 - 09/07/25 Batch 2 : 30/06/25 - 08/08/25 Batch 3 : 21/07/25 - 29/08/25 Batch 4 : 18/11/25 - 08/01/26	● Achieve Real Energy Savings ● Advance with SMKL Development ● Improve Production Lines	39,970 THB (subsidy 19,985 THB)	
10	For Delight (Thailand) Co., Ltd.	**Training for business people responsible for decarbonization of local companies to learn knowledge and practical skills in GX** 7.5 days (41.5 hours) in total Batch 1 : 29/08/25 - 30/11/25 Batch 2 : 08/10/25 - 15/01/26	● Knowledge in Decarbonisation Activities ● Calculations of GHG Emissions Method ● Hands-on Training ● Introduction of Renewable Energy and Solar Power Generation	30,000 THB (subsidy 15,000 THB)	

No.	Educational Institution / Corporate Name	Course Title / Training Period / Application Deadline	Gain / Target	Participation Fee and Subsidy Amount per person	Project Overview
11	Sirindhorn International Institute of Technology, Thammasat University	**Lean and Green Manufacturing through Digital Transformation** 2 days (12 hours) in total Batch 1 : 05/10/2025, 11/10/2025 Batch 2 : 12/10/2025, 18/10/2025 Batch 3 : 19/10/2025, 25/10/2025 Batch 4 : 26/10/2025, 01/11/2025 Batch 5 : 02/11/2025, 08/11/2025	● Lead Industry 4.0 transformation with IoT integration ● Boost productivity by up to 20% across production areas ● Strengthen engineering skills for optimizing IoT-enabled systems	3,500 THB (subsidy 1,750 THB)	
12	Thai-German Institute	**DX Transformer Development: Engineer (IT) Level** 15 days (90 hours) in total Batch 1 : 03/07/25 - 12/09/25 Batch 2 : 20/11/25 - 26/01/26	● Mastering digital transformation skills as IT Engineer. ● Understanding OT-IT system data integration with shopfloor hardware. ● Improve information management for production-based organization. ● DX IT pilot project for organization analytic and improvement. ● Enhance the competitiveness of the company	45,000 THB (subsidy 22,500 THB)	
13	Thai-German Institute	**DX Transformer Development: Engineer (OT) Level** 15 days (90 hours) in total Batch 1 : 02/07/25 - 12/09/25 Batch 2 : 20/11/25 - 26/01/26	● Mastering digital transformation leader skills through real case base. ● Understanding organization DX readiness assessment process. ● Mastering DX strategy and feasibility design skills. ● DX strategy and roadmap for the Competitiveness of the Company	45,000 THB (subsidy 22,500 THB)	
14	Thai-German Institute	**DX Transformer Development: Leader Level** 15 days (90 hours) in total Batch 1 : 29/05/25 - 18/07/25 Batch 2 : 28/10/25 - 12/12/25	● Mastering digital transformation leader skills through real case base. ● Understanding organization DX readiness assessment process. ● Mastering DX strategy and feasibility design skills. ● DX strategy and roadmap for the Competitiveness of the Company	40,300.00 THB (subsidy 20,150 THB)
